

List of Tables

Table	Title	Page
1.1	Pilot Study for Fourth Year Students	6
3.1	Summary of Adaptive e-Learning Features and Adaptive e-Learning Approaches	52
3.2	Model Services, Categorised by Architecture Layers, and Mapped to IT Infrastructure	62
3.3	LOs' Meta-Data Categories, Attributes, and Description	64
3.4	Different Students Groups in this Section	72
3.5	Statistics about the Six conducted quizzes in 2009-10	74
3.6	Detailed Quizzes' Statistics	74
4.1	Intelligent Adaptive Online Lecture LOs Advisor Specifications	92
4.2	Felder Learning Style Categories Description	96
4.3	Intelligent Cheat Depressor Service Specifications	98
4.4	Intelligent Study Plan Advisor Service Specifications	99
4.5	Intelligent Time-to-Learn Topic Calculation Specifications	101
4.6	Intelligent Agenda Study Time Planner Specifications	111
4.7	Intelligent Meeting Manager for Suspended Students Specifications	113
6.1	Summary of the Main Statistical Measures of Learning Objects Reading Times in Seconds	161
6.2	Main Statistical Measures of Learning Objects Tokenization Times in Seconds	162
6.3	Main Statistical Measures of Term Frequency Calculation Time in Seconds	163
6.4	Main Statistical Measures of Learning Objects Keywords Insertion Time in Seconds	164
6.5	Main Statistical Measures of Learning Objects Original No. of Words Count	165
6.6	Main Statistical Measures of Learning Objects Tokenized Number of Words Count	165
6.7	Main Statistical Measures of Learning Objects Keywords Insertion Time in Seconds	167
6.8	Summary of Student's Evaluation of Presented Adaptive e-Learning Models Features	169
6.9	Summary of Instructors' Evaluation of Presented Adaptive e-Learning Models Features	170
6.10	Summary of the Main Statistical Measures of Precision	172
6.11	Summary of the Main Statistical Measures of Recall	172
6.12	Summary of the Main Statistical Measures of F-Measure	173
6.13	Summary of Intelligent LOs Classifier Training Set	173
6.14	Summary of Intelligent LOs Classifier Testing Set	174
